

THE CREED

THE THIRD ARTICLE (PART 3)

ACTIVITY

GROWING SEEDS

Theme: Working through the Means of Grace, the Holy Spirit causes our faith in Jesus to grow.

Materials: A variety of fruit and vegetable seeds, pictures or examples of the fruits and vegetables that your seeds will produce

Procedure: (3–5 minutes)

Tell your students to match the various seeds with the correct fruit or vegetable sample or picture. Compare the size of the seed with the size (or amount) of the fruit or vegetable it produces. Relate these observations to the working of the Holy Spirit, who works mightily in God's people through the Word and Sacraments.
