

INTRODUCTION TO CONFIRMATION

WHAT IS WORSHIP?

ACTIVITY

WORSHIP TOGETHER

After completing the lesson on worship, attend a worship service together as a class. Before the service, ask students to be on the lookout for the parts of the worship service that were discussed in class. Sit together near the front of the church, and encourage students to participate in the service and sing the hymns. At the beginning of the following confirmation class, ask students to talk about the service and ask for any questions they may have about it.
