

Lesson 14:
Waterworks - Water from the Rock

Exodus 17:1-7

 **Color**

Moses led God's people through the desert. God gave them manna every day. When the people were thirsty, God told Moses to hit a rock with a stick. Water flowed out of the rock. I wonder . . . how does God provide water for you?

[The LORD said,] "Strike the rock, and water shall come out of it, and the people will drink." And Moses did so. **Exodus 17:6**
